WHAT WE 'LL DO

We will start from a pie shop, where you will see how traditional pitas are made on spot and dig in delightful spanakopitas and bougatsas.

After our favourite local snack, we will continue on to the oldest coffee roaster in the city and see how Greek coffee is traditionally made on hot sand!

Further on, we will skip the tourist traps to follow the locals to a laid back deli shop. The warm-hearted family behind it, treats customers as friends. They will welcome us with a glass of wine and take us around Greece through its cheeses, cold-cuts and yogurt.

All this is just the warm-up, as we will enjoy our main meal at an unpretentious, popular hangout for the locals. We will try 8 - 10 different dishes from a talented cook who honours traditional Greek cuisine.

Our last stop, the hip and bohemian Psyri, former working class area, bursts now with stylish cafes and restaurants. To leave you with the sweetest memories from Athens, finger-licking good baklava is on the menu, along with a surprisingly unique flavoured ice-cream. Who knows, we might even have the chance, to get a glimpse of how baklava is made on spot and learn the secrets of its great taste.

How can it get better than that?
